U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on SEPTEMBER 18, 1977
 - Export Shipments in
Current Marketing Year
 - Daily Sales Reported
SEPTEMBER 19 - 25, 1977
- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

COMMENTS PREPARED BY THE OFFICE OF THE GENERAL SALES MANAGER

EXPORT SALES REPORT

Comments on release of September 29, 1977 (based on reports from exporters for the week ending September 18 unless otherwise noted).

Wheat: Sales activity registered a significant increase in volume totalling the third best week during marketing year (MY) 1977/78. Large sales were reported to the Soviet Union, Nigeria, Japan, Chile, Portugal, and Venezuela. MY 1978/79 activity was limited to the Soviet Union, which added 111,100 metric tons (MT) to existing purchases. Sales reported under the daily system, included 101,606 MT to Nigeria for MY 1977/78 and 101,604 MT to unknown for MY 1978/79. Exports of 739,900 MT were the second largest this MY.

Corn: Sales were the smallest this MY with Japan and the United Kingdom making nominal purchases. Sales to unknown destinations declined sharply, with Japan, East Germany, France, and the Netherlands named as the final destination. Sales for MY 1977/78 (993,400 MT) fairly active with substantial sales to the Soviet Union and unknown destinations. Exports were the second largest this calendar year.

Barley: Export interest picked up. Korea was back in the market, adding 15,500 MT to earlier purchases of 423,900 MT (partly a switch from unknown). Over 10,000 MT was reported as sold and shipped to Algeria. Optional origin sales of 7,000 MT to Malta were declared U.S. and shipped. Export activity continued modest.

Sorghum: The market was quiet with only token sales for 1976/77 and a small increase in sales to unknown destinations for 1977/78. Sales to unknown for 1976/77 declined as 65,000 MT were assigned specific destinations, principally Belgium with lesser amounts to Japan. The export pace was the heaviest in weeks.

Rice: The commercial export market continued soft with no major export sales reported. The USSR added 6,000 MT to earlier purchases. Other important commercial customers bought even smaller quantities. Exports registered a sharp pickup from the level of the past two weeks.

Soybeans: MY 1977/78 sales (385,200 MT) continued fairly heavy with the EC, Japan, Spain, and unknown destinations the major markets. Taiwan was named the destination on 50,800 MT switched from unknown destinations. Optional origin sales declined as exporters reported that sales to PRC (88,100 MT) and Mexico (18,000 MT) would be from foreign sources. Exports (158,600 MT) went primarily to Taiwan, EC, Japan, and Mexico.

Soybean Cake and Meal: The EC, Iran, and Colombia were the principal buyers as MY 1976/77 sales (29,500 MT) continued modest. Exports (31,900 MT) went to the EC, Canada, and Colombia.

Cotton: Sales activity was the slowest since mid-February. Small sales were added by Korea, Spain, Portugal, the Philippines, and Greece, while Israel and Australia made initial purchases for MY 1977/78. Sales for MY 1978/79 were 4,200 RB to Korea. Exports of 50,000 RB were equal to the previous week, 86 percent going to Asia.

Oats and Soybean Oil: Showed no significant activity.

Data shown above may not add due to rounding. 1/ Includes increases resulting from new sales, upward contract adjustments, shifts in delivery period from one marketing year to another and changes from one commodity to another. 2/ Net foreign purchase activity. A purchase from a foreign seller is a transaction contracting to buy U.S. produced commodity from a firm outside the U.S. -- not involving a cancellation or buy-back of a reported sale. 3/ Includes decreases resulting from buy-backs of all or part of a contract balance by mutual consent, unilateral cancellation by one party which could result in a contract dispute, downward contract adjustments, shifts in delivery period from one marketing year to another, and changes from one commodity to another. 4/ Does not include exports for exporter's own account.
